What it meant to you?

Survival is based on preparation. Preparation is based on opportunity and participation. Participation relies upon you. The best tool you have to survive is your faith and your preparation. You walk with in the preparation of the gospel of peace and it is with the rest of the spiritual armor that you will be able to survive after Sunday service. What you do at service and how you prepare at service determines how you will survive afterwards.

Mark 4: 1 - 20

Luke 8:5 – 15

Mat 4: 1 – 11

1. Your survival depends on your trusting in God for your provision. (John 6:27)
2. Your survival depends on your submission to the word you receive.
3. Your survival depends on your obedience to the word you receive.

You are the best tool for your survival. What you pack before you forage out into the dessert of the world will be all you have in the midst of the storm. Remember it is an open book test but if you never open the book you will never have the answers that have already been given to you.
